

A Corner of Spain (Classic Reprint)

Excerpt from A Corner of Spain This book does not pretend to be a history or a complete record of Galicia. Its purpose is to show something of the life and character of a little-known part of Spain, and to deal with things seen and done by the visitor who travels under competent and comfortable guidance. I have written either of what I experienced or on the authority of prominent residents with whom I came in contact in my wanderings.
