

The Life of Greece: The Story of Civilization, Volume 2

The second volume of Will Durants Pulitzer Prize - winning series The Story of Civilization. Volume 2 chronicles the history of ancient Greek civilization. Here Durant tells the whole story of Greece from the days of Cretes vast Aegean empire to the final extirpation of the last remnants of Greek liberty, crushed under the heel of an implacably forward-marching Rome. The dry minutiae of battles and sieges, of tortuous statecraft of tyrant and king, get minor emphasis in what is preeminently a vivid recreation of Greek culture, brought to the listener through the medium of supple, vigorous prose. In this masterful work, listeners will learn about: The siege of Troy The great city-states of Athens and Sparta The heroes of Homers epics The gods and lesser deities of Mount Olympus The teachings of Socrates, Plato, and Aristotle The empire of Alexander the Great
