This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1807 edition. Excerpt: ...of the pecocke she is maruellouslie afraid & so appalled, that all courage & stomach for a time is taken from hir vpon the sight thereof. But to proceed with the rest. Of other rauenuous birds we haue also verie great plentie, as the bussard,.the kite, the ringtaile, dunkite, & such as often annoie our countrie dames by spoiling of their yoong breeds of chickens, duckes and goslings, wherevnto our verie rauens and crows haue learned also the waie: and so much are our rauens giuen to this kind of spoile, that some idle and curious heads of set purpose haue manned, reclaimed, and vsed them in steed of hawkes, when other could not be had. Some doo imagine that the rauen should be the vulture, and I was almost persuaded in times past to beleue the same: but finding of late a description of the vulture, which better agreeth with the forme of a second kind of eagle, I freelie surcease to be longer of that opinion: for as it hath after a sort the shape, colour, and quantitie of an eagle, so are the legs and feet more hairie and rough, their sides vnder their wings better couered with thicke downe (wherewith also their gorge or a part of their brest vnder their throtes is armed, and not with fethers) than are the like parts of the eagle, and vnto which portraiture there is no member of the rauen (who is also verie blacke of colour);that can haue anie resemblance: we haue none of them in England to my knowledge, if we haue, they go generallie vnder the name of eagle or erne. Neither haue we the pygargus or gripe, wherefore I haue no occasion to intreat further. I haue seene the carren crows so cunning also by their owne industrie of late, that they haue vsed to soare ouer great riuers (as the Thames for example) & suddenlie...
