

Invitation to the Talmud;: A teaching book

This book invites the reader to try to get in the Talmud. Nowadays, people are scarcely able to try. They do not know how to begin or where--or why. Getting into the Talmud is no easy matter, even for those Jews who are ardent to recover for themselves what their ancestors once knew. This invitation is to join a community of learning men and women, for Talmudic learning is collective. You do not read the Talmud, you learn it, preferably with a haver, or a fellow student, and always with a rabbi. Here, Neusner shall be your rabbi.
