

## Citizen Soldier Handbook: Saving Our Second Amendment

Citizen Soldier Handbook: Saving Our Second Amendment is a manual for you to underline, scribble in, fill with Post-Its and notes. This Action Manual is meant for Citizens - Free Men and Women - who want to keep and safeguard our Constitutional Rights. The Right to Keep and Bear Arms was designed to keep our Citizens free from the overbearing and tyrannical nature of government. As Thomas Jefferson noted, The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government. The 2nd Amendment is not for hunting but for Freedom. This Action Manual protects our 200 year old Right to Bear Arms with modern methods, strategies and tactics. You undertake the action to help you, your family and your community. And our Great Country. Jefferson said, The beauty of the Second Amendment is that it will not be needed until they try to take it. We live in uncertain economic times where police departments, city services and other infrastructure is under enormous economic pressure to cut back. The city attorney of San Bernardino (CA) suggested that its citizens armed themselves and lock their doors, given that citys precipitous rise in murder and assaults. Residents of Oakland (CA) patrol their streets, given the lack of police response in their neighborhoods. Responsible citizens with Rights matter in America. During the riots in Los Angeles, many Americans defended their homes, their livelihoods and other peoples families against marauding gangs because they had Rights. You can too. Thomas Jefferson was fond of quoting ancient wisdom, including this notable quote about a good

armed Citizen. Laws that forbid the carrying of arms... disarm only those who are neither inclined nor determined to commit crimes... Such laws make things worse for the assaulted and better for the assailants; they serve rather to encourage than to prevent homicides, for an unarmed man may be attacked with greater confidence than an armed man. -Cesare Beccaria) Fight for your Rights TODAY for tomorrow may be too late. And too late for your children. Citizen Soldier Handbook: Saving Our Second Amendment
