

The Holocaust: Understanding the Worst Crime in History

The Holocaust has come to be viewed as the worst crime in the history of humanity. The industrialized murder of six million people continues to horrify the world. Few other events during the 20th century have left such a profound impact upon the world. With the Jews of Germany blamed for the defeat of World War I, they found themselves in a battle for survival as Nazism seduced their fellow citizens. As another global conflict arises, the very existence of the Jewish people was at stake. Stripped of their citizenship in Germany and hounded all over Europe, they would face a new nightmare at the concentration camps where millions would perish.
