

Fairy Tales From Far Japan (Classic Reprint)

Excerpt from Fairy Tales From Far Japan
In Parts I. and II. of this little book I have written about Japan and the Japanese for those who would like a little information beyond the mere travellers talk, but have not the leisure necessary for reading books of research. I have tried to write for such an audience as might be assembled at a mission work-party. The Fairy Tales themselves will doubtless appeal to both old and young readers.
