

Weird Guide

Weird Guide Amsterdam is so much more than just another guidebook. Weird Guide is about ideas worth sharing, sometimes raunchy, sometimes glamorous. Its about Amsterdammers who've made different choices for themselves or their businesses. Very often they make fair, sustainable choices and are aware of their surroundings, re-using old principles for new economic thinking and creating new business adventures. That's how Weird Guide Amsterdam came about. It's comprised of my personal discoveries. What can be found behind the facade of its canal houses, beyond the Royal Palace, theaters and museums? Illegal street art, ugly things made by beautiful minds, unique shops, books, paintings, poetry, photographs, illustrations, newspaper clippings, websites, restaurant ideas, articles, posters, and drawings are all revealed within its pages. Weird Guide is a sample of the best that Amsterdam has to offer - little-known aspects of the city you shouldn't miss while visiting. Weird Guide is a way of looking at a city you may think you know; to experience it anew and to cherish it. Weird Guide is certainly not complete. It is an ever-evolving project, but it will always be a treasure chest of my personal favorites. Traveling is all about meeting new people and embracing new experiences. Let Weird Guide Amsterdam be your guide.
